

# Wireless Industry in Minnesota

The Wireless Infrastructure Association (WIA) represents the businesses that build, own, and operate the nation's wireless infrastructure. On the federal, state, and local levels, WIA advocates for the widespread, responsible deployment of wireless infrastructure to enable mobile broadband access for communities everywhere.

The wireless  
industry...

supports  
over 4.7M  
jobs

contributes  
\$475B to the  
U.S. economy

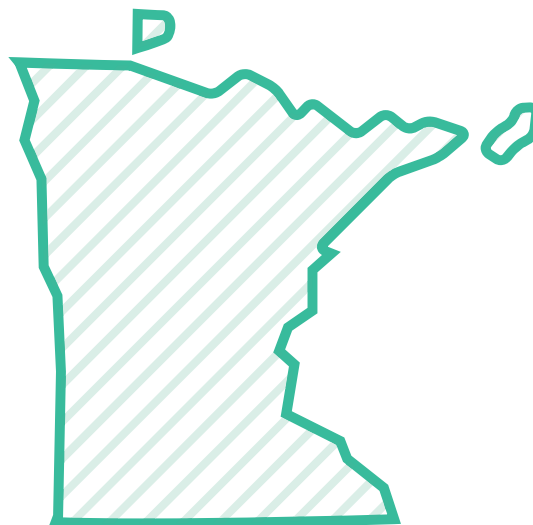

is expected to  
invest \$275B  
over 7 years

## State Impact of the Wireless Industry
